SELECTED RESULTS

- Any Hour Services: Built an in-house PPC structure for a company group spanning 32 businesses, including MCC consolidation, a scalable operating system, team buildout/training, and API integration with the company ERP
- Gecko: Migrated application-tracking data from Google Sheets to SQLite, introducing transactional updates, audit history, conflict detection, and verified exports.
- Intercon: Modernized the company's digital environment and launched multiple B2C channels while protecting relationships with more than 650 B2B retail partners

PROFESSIONAL EXPERIENCE

Marketing/Technology Manager - Vortex UTV - American Fork, UT Jan 2024–Present

- Developed and customized a headless UTV e-commerce storefront using React, Next.js, TypeScript, and Shopify GraphQL APIs, combining product discovery, customer accounts, cart functionality, and hosted checkout.
- Connected Shopify to manufacturer databases and automated order and shipping updates through GraphQL, reducing routine oversight to approximately 10 minutes per week.
- Created customer-account workflows for registration, authentication, password recovery, address management, and order-history access through Shopify APIs.

Marketing Strategist/Analyst - 1-800-Contacts - Draper, UT Nov 2022–Jun 2024

- Built automated weekly reporting across 10+ channels using Python, Databricks, SQL, blended Excel data, and Funnel.io to improve accuracy and decision speed
- Helped facilitate the transition of four to five agency relationships in-house, evaluating agency cost structures, prioritization, automation approaches, and the impact of newer Google machine-learning capabilities on legacy rule-based systems
- Used regression models, prior-year/prior-period data, holdouts, geo-promotional tests, scale-up/down analysis, and budget reallocation scenarios to forecast investment outcomes and support recommendations involving substantial incremental media budgets
- Built complex Tableau dashboards for paid search, including Google Ads and Bing Ads, and helped migrate existing Power BI dashboards and reporting to Tableau
- Developed five-year projections using predictive statistical models

Director of Digital Marketing - GRIP6 - Midvale, UT May 2022–Jan 2023

- Built Looker Studio KPI reporting for multiple departments, improving transparency for inventory planning, engineering decisions based on reviews, management decisions, website development, email performance, and cross-platform budget management
- Created a robust spreadsheet-based inventory planning methodology used across multiple departments
- Consulted on SEO best practices and on-page optimization and coordinated marketing priorities with web, operations, creative, and other stakeholders
- Configured GA4 and custom Google Tag Manager measurement/reporting

Digital Marketing Manager - TravelPass Group - South Jordan, UT Aug 2021–Apr 2022

- Automated keyword creation and permutations for thousands of ad groups using VBA in Excel
- Automated SERP analysis with Python and used machine-learning models and the Google Ads API to support budgets, bids, ad copy, keyword decisions, and other optimizations

Intercon Inc - Salt Lake City, UT Feb 2018–Feb 2020

- Directed digital marketing and e-commerce for a large B2B distributor, coordinating execution and reporting across marketing, sales, operations, finance, IT, and product teams
- Designed the company's information architecture and ERP-system flow and implemented systems to increase productivity, efficiency, transparency, and collaboration
- Developed and maintained multiple company databases to improve consistency across departments and support accurate financial and marketing reporting
- Applied project-by-project cost-benefit analysis to prioritize growth initiatives, marketplace opportunities, product investments, and operational improvements

Director of E-Commerce/Marketing - LifeSpan Fitness - Salt Lake City, UT Jun 2013–Aug 2016

- Led an eight-person e-commerce team responsible for paid search, customer acquisition, campaign delivery, website performance, and growth across the U.S., Canada, and U.K
- Created annual projections and KPI reporting with senior leadership and used platform, analytics, Magento, accounting, and competitive data to guide budget and campaign decisions

SEM Manager/Project Manager - The Infinite Agency - Dallas, TX Sep 2016–Feb 2018

- Developed a repeatable Google Ads account-management system that maintained consistent service quality across clients regardless of spend; the system was adopted across the agency
- Consulted directly with clients on business goals, pain points, campaign structure, and budget allocation across website development, SEO, email campaigns, paid search, display, mobile, remarketing, YouTube, and social media platforms
- Created custom scripts for continuous, automated monitoring of client marketing efforts

Marketing Strategy & Development - Bowen Law Professional Group - Salt Lake City, UT Jan 2009–Jun 2013

- Led weekly marketing meetings and participated in weekly firm management meetings
- Converted all paper forms into electronic, interactive formats using Adobe Acrobat and LiveCycle, increasing the speed and quantity of market-data acquisition
- Routinely conducted cost/benefit evaluations of marketing initiatives
